We only publish news about those who have given permission to share health information publicly. If we do not have permission to give details about a medical condition, **we will not print those details.** If we do not have permission to refer to someone by name, **we will not print that name.**

For the safety of all US military personnel, please do not use any form of electronic social media to post details of their service! This means that you should not refer to them by their "go by" name, or mention their military rank, or where they are serving; and that you should not post any photographs that might reveal where in the world they are, or what they are doing while they are there.
