

The Mission

Todd & Maria Luke's Gospel-driven outreach to build cisterns in Campeche, Mexico gives families access to an abundant supply of rainwater.

Many of those families are indigenous Ch'ols suffering from poor health due in part to lack of clean water. Access to an abundant supply of rainwater makes a family healthier.

Generally, United States partners work with Mexican partners to lighten the physical load. Ch'ol Presbyterian laymen organize families to work together to build family-owned cisterns that collect rainfall. During the process, they teach useful construction skills, demonstrate the value of partnership, pray together, and share the Good News in a casual, natural manner.

Through this project, hundreds of families have easy access to millions of gallons of rainwater. In the process, the Gospel is shared. We pray the Holy Spirit will empower the hearts of all involved to be assured of the grace of Jesus Christ.

The Opportunity

The Outreach Foundation seeks gifts to support the mission and ministry of Todd Luke. All gifts of any size are welcomed, to help with the cost of building cisterns.

Are you interested in organizing a group to travel to Mexico to build cisterns? Please reach out! Contact the Outreach Foundation at info@theoutreachfoundation.org and they can connect you with the Lukes..

PASSPORT

Empowering Students • Embracing the World • Extending Grace

Thanks, church, for your prayers and support for the 2026 PASSPORT campers!

They are back home from the mountainside, ready to do their parts in God's work, wherever they are.
